# The powerful three dimensional Alternative to Liposuction!

## What is it?

Its new 3 Dimensional approach to the problem ensures that nothing else offers such a complete and effective solution, offering you a true alternative to liposuction.

## Does it work?

Unlike other lipo offerings that utilize Diode Laser (I-Lipo, Strawberry and Laser Lipo) our technology, Cavitation + Cryolipolysis, physically destroys the fat cell. The advantage of this is that you are not required to exercise immediately post treatment in order to metabolize the released fat which is a significant advantage over existing methods. Added to this, with the combination of Radio frequency and 3D-Dermology, you are able to combine an effective skin tightening application for both face and body and also target cellulite.

## Treatments for men & women are available for:

- ✓ Love handles
- ✓ Arms
- ✓ Cellulite
- ✓ Muffin tops
- ✓ Inner and outer thighs
- ✓ Man-boobs
- ✓ Flabby tummy's
- ✓ Buttocks
- ✓ Turkey necks

Sandon Court Clinic is the leading Skin Clinic in the South West. Consultations are free of charge and provide a relaxed atmosphere just like a beauty salon so come and see what you have been missing out on!
